Date: 10/31
Student: Mark
Teacher: CALFRES

Grade: 5
Student ID #: _____
Period/Time: 1st

Student Infraction: While class was in computer lab researching whitehouse.gov kids, Mark was surfing the web looking at websites that are inappropriate. 9-11 cover up, Alex Jones's martial law of death, skull + bones, info was Myspace, google, Veronica Long, NY 9-11 Truth - all of which were done during a direct instruction lesson.

- Student Conference (date _____)

Comments: all staff including Mrs. Bergstein, Cheers, Moore, and Bennett have worked continuously with Mark throughout this school year to help him have a successful school year. Small group, behavior chart, CMC, and many other modifications and repeated attempts to help him with behavior issues have still not helped Mark achieve the conduct needed to have a productive year.
